Here's what people are saying about us... Hot Product You know, my wife and I were watching a local news show the other night, and it mentioned that they were donating a big bounty to the police department of our town because they caught a guy that had stolen some high tech equipment from someone's office. Well, the woman that was interviewing them said that the guy was using your product as his personal hotspot. The reporter was really impressed. Matt I am going to try to limit the use of your product to the most secure internet connections only. I want to utilize your tool to help keep my life and my assets safe. I am excited about the possibilities! Tommy Knapp I am using your product to my personal benefit. I am already the beneficiary of your excellent service, but with the setup I have on my computer
